

Written submission from New World Order regarding broadcast allocation 2008.

This is our first election so no one voted at the immediately preceding general election  
For the New World Order party or candidates belonging to New World Order.

There are no members of parliament for New World Order immediately before  
The dissolution or expiration of parliament.

There are no relationships that exist between New World Order and any other  
political party

There are no indications of public support for the New World Order party such as the  
results of public opinion polls but there is at least 500 persons who are members the  
New World Order party.

The New World Order party needs a fair opportunity to which subsection (1) of this  
section applies to convey its policies to the public by the broadcasting of election  
programmes on television

New World Order will need 1 minute for opening address.

Yours truly Nathan Couper party secretary for New World Order
