

# Three Level Guide

## So why do I get two votes?

Use the text 'Information about the different voting systems' to determine the accuracy of the following statements. If the statement is inaccurate, rephrase it so that it is correct.

### Level One

• MMP is New Zealand's voting system
• Each electorate has a different number of people
• There are 120 seats in Parliament
• Each party gets the same number of seats

### Level Two

• New Zealand citizens decide the ranking of candidates on Party Lists
• Under FPP you only vote for a party
• A candidate becomes an MP if they get the most votes for an electorate
• Māori electorates cover a larger area of land than general electorates

### Level Three

• MMP leads to single party government
• I can vote for more than one Party under MMP
• The number of seats a party gets is based on the number of party votes it receives
